

EYFS Elm Class Home Learning Activity Grid 2

Welcome back! The next two week's learning gives a variety of practical activities that support the Early Years curriculum. If you have any queries, please just ask! Please ensure you complete as many of these as possible (or similar tasks if your child is inspired elsewhere) Please send your photos or comments on your child's learning to the class home learning email: elm@colytonprimary.org.uk

Understanding the World Watch these great video clips about badgers on the link below. Chris Packham presents a fascinating insight into burrowing creatures. Can you find any evidence of burrows on a walk? Maybe a rabbit? or badger or even a fox?  Talk about what you see/learn. https://www.bbc.co.uk/teach/class-clips-video/science-ks1-ks2-the-burrowers/z74kgwx	Understanding the World Take a bug hunt around your garden, a pond or maybe walk to the woods. Take a trowel and a pot, maybe a magnifying glass if you have one. <i>(Some of you have done this already, but it's always fun to do!)</i>  Look carefully at the mini beasts you find. What do you notice? How many legs do they have? Where did you find them? How do they move? https://www.bbc.co.uk/bitesize/clips/z44g9j6	Understanding the World As we are all using technology to keep in touch at this time, please help your child to send me an email. Show them how to send a picture and help them write a short message. <i>(When typing, some children are very good at recognising capital letters, others will need reminding)</i> 	R.E. Think about people who are special to you and those you can't see or visit just at the moment. Draw a picture to remind you of all these special people. Talk about why they are special and write their names. Maybe post them a picture? 
PSED We are all different. Talk about special skills, what we like and how we are all different. Download this activity booklet from twinkl and complete with your child's ideas.  https://www.twinkl.co.uk/resource/tf-or-55-we-are-all-different-all-about-me-activity-booklet(twinkl log-in for parents is free at the moment)	Physical Development Watch and join in with yoga routines/stories <i>(several of you have enjoyed the stories on Cosmic Yoga, I would like more of you to log in and join in!)</i> www.youtube.com/user/CosmicKidsYoga <u><i>You can watch on You Tube or download the app for free at the moment.</i></u>	Art and Design Using media and materials Use sticks/leaves/flowers or stones to create nature art. Use the work by Andy Goldsworthy to inspire you. <i>(Some of you have done this but I would like rest of you to give this a go!)</i>  www.pinterest.co.uk/jnmadani/andy-goldsworthy-for-kids/	Art and Design Imagination Can you dress up and create a little show? Maybe learn a song and perform to your family? Or if you have brothers and sisters, practise something together! Why not write tickets or make a poster? What could you use as a microphone?
